Chapter 94.3

Kidnapping

"Qing-er..." Xuanyuan Yi hurriedly entered the tent, but the voice drowned out instantly after he saw the mess inside the tent. Xuanyuan Yi coldly looked around at the people inside the tent but did not see a shadow of the person who was in his heart. His eyes flashed with a trace of panic, while at the same time, also emitting fury and anger.

At this time, the drapery was opened again and Pei Che who had just come in, was met with Xuanyuan Yi's stiff back and the messy tent. His face that originally was smiling, froze in an instant. When Yan Yu and Cang Su who were behind him saw the scene, their initial relaxed faces all of a sudden became gloomy as they rapidly advanced inside. When they saw the corpses on the floor, the two people glanced at each other and nobody could mistake the murderous intent emitted from their eyes. Yan Yu quietly examined the corpses to see if he could find anything as Cang Su looked around the tent to find clues from the messy room.

Pei Che also furrowed his eyebrows and looked at the several people inside the tent when he asked, "Where is Shu Qing?!" Even though he already knew the answer in his heart, he was still not willing to give up a final hope.

Lu Yi and Shang Xiao were so frightened by Xuanyuan Yi's anger that their complexions became pale, especially Lu Yi. She was trembling like a dead leaf in autumn and wanted to open her mouth to reply but she was speechless. Only Shang Jun could still look at Xuanyuan Yi straight in the eyes and firmly say, "Qing was kidnapped by someone!"

He had just barely finished his words when Xuanyuan Yi, who had not spoken at all previously, lowly said two words, "Speak clearly."

He was trying his best to control his own anxiousness and anger, as he wanted to know what had happened, because Qing-er was still waiting for him!!

Shang Jun glanced at Lu Yi and reckoned that she was confused and did not know what to say, so he gently sighed in his heart and recounted Lu Yi's story one more time.

It seemed the clue was related to Fang Rong now, so Pei Che asked, "Where is Fang Rong?!"

When Lu Yi said it earlier, Shang Jun had already asked someone to investigate, so shaking his head, Shang Jun said, "I found his corpse under the bushes at the back of the kitchen tent. It looked like he had been dead since last night." He found the opposite side actually disposed the body cleanly and did not leave anything behind, but why did they let Lu Yi go?! Shang Jun glanced at Lu Yi who was wide-eyed from shock having heard that Xiao Rong was dead, she still did not understand it.

Dead?! "So, who came this morning then?" Pei Che whose brows were always wrinkled, had not loosened them yet. It was he who had asked Shu Qing to borrow her people, so now that

she had met with a mishap, his heart felt unwell because he was the one who had caused trouble to her! If she really had any mishap, then he.... oh dear!

It appeared that the only clue had been cut off and the tent sank into a deathly stillness. After Yan Yu heard Shang Jun's words, he thought of one person as his tightly clenched fists made 'gurgling' sounds. Yan Yu said with heavy resentment, "It was Yan Rui!" They had run into the newly enthroned Emperor of Yan Rui, Hong Ming at Lin Feng Guan border! Master's injury was also because of him!

As it turned out, Hong Ming originally wanted to kidnap Shu Qing anyway, so he actually had used the people of Jiang Hu to kidnap her. This really looked like his style. Pei Che considered and analyzed the pro and cons for a while before nodding his head to say, "In that case, the person who kidnapped Shu Qing, was probably Hong Ming?!"

Shang Jun lowly mumbled, "Where will he take Shu Qing to?" Hong Ming? He had not met with this person at all, so he (SJ) did not understand him at all. He only heard this person had a very good reputation, but now it appeared that he was a hypocrite who concealed a lot of things, so he was afraid that it would be even more difficult to deal with him.

"It should be Yan Rui, the things that Shu Qing did for Yan Rui, should already make Hong Ming sink into a plight. After Cang Yue did not have any more explosives, our victory would be certain, so he would quickly take her back to Yan Rui." With Shu Qing doing her things in Yan Rui, Hong Ming would not let her go even more.

"I have already asked people to chase in the four directions, so since it is like this, let's reinforce manpower to go in the direction of Yan Rui to chase after her." Fortunately, going to Yan Rui from here, one still needed to go through Dong Yu. As long as she was still in Dong Yu, it would be easier to find Shu Qing! Shang Jun got up and was just about to command people to go look for her, when Cang Su had already beat him to it, by quickly leaving the tent.

At this time, Xuanyuan Yi suddenly said, "Order the army tonight, that we will be advancing to Cang Yue tomorrow."

"Xuanyuan?!" Pei Che did not understand; why would Xuanyuan Yi want to attack Cang Yue at this time?!

Facing everyone who did not understand his decision, Xuanyuan Yi only coldly said, "You guys continue to track down from every direction, Hong Ming is not stupid, so he will not necessarily take Qing-er immediately back to Yan Rui. Moreover, the person who kidnapped Qing-er may not only be Hong Ming. It is possible that Qing-er was kidnapped by Cang Yue. So, I will send troops to besiege the city tomorrow. Yan Yu, you lead 30 people to search for Qing-er's whereabouts in Cang Yue's tents. It does not matter if they kidnapped Qing-er or not, I would make Cang Yue pay the price tomorrow." If it were Cang Yue, their sin would not be forgiven at all. Even if it were not Cang Yue and Hong Ming was the real culprit, they were still Hong Ming's accomplices and he still would not let them go. Qing-er, I want all the people who harmed you to pay the proper price!!

Pei Che had never seen this kind of Xuanyuan Yi. His whole body seemed to be filled with an aura of destruction and his anger coupled with his violent roar caused people to become even more frightened. Moreover, there was also Yan Yu, Cang Su and the numerous secret bodyguards behind them whose faces were always gloomy and did not say anything at all. They

were definitely a formidable force to deal with. Not to mention the gentle looking and mysterious Shang Jun too; he had a premonition that if Murong Shu Qing really had a mishap, those people who would receive these raging flames, would not be few!

Looking around and glancing at all of them, Pei Che carefully asked, "What will happen if we still cannot find Shu Qing after this?"

The originally quiet tent sank even more into a deadly stillness. Only after a long time did Xuanyuan Yi throw out the sentence, "I will flip over Yan Rui and Cang Yue; we must definitely bring her back."

Once he finished speaking, he did not turn his head at all before retreating out of the tent. Pei Che knew that this was not only Xuanyuan Yi's promise, but also all of the people's thoughts who were inside the tent.

Inside the tent, the atmosphere was depressed and solemn. Shang Jun left the tent without saying anything and slowly walked towards the snow-capped mountain behind the camp. His eyes were blurry, and he was worried. It was on this snowy peak that he had met Qing, where she had given him hope and confidence.

Qin Xiu Zhi stood behind him and said, "You want to find Shu Qing." He used an affirmative tone because he knew that he would definitely go.

Shang Jun did not hide it and replied. "Cang Su and Yan Yu have already gone to Dong Yu and Yan Rui. Qing might be kept in Cang Yue which borders Dong Yu. Just think about how easy it would be to hide a woman within a bordering city! It will undoubtedly seem like finding a needle in a haystack for the Dong Yu army trying to find Shu Qing in Cang Yue."

He was wearing a long coat, but still looked so thin; the corners of his clothing were flying in the wind, entangled in the dark as if the wind and snow could take him away at any time. "You still have injuries on your body so don't act rashly. Leave it to me to find Shu Qing." He would not stop him and just hoped that he could do things for him (SJ) while staying by his side.

"Thank you, Xiu Zhi." Shang Jun shook his head and looked at the snowy peak that looked like it could be passed through to see the moon in the cold snow.

"No one knows Cang Yue better than me. If Qing is in Cang Yue, I will find her."

Cang Yue, I am back.
