Ch 124.3

### Other Plans (Part 2)

A group of three people walked towards the gate and along the way, the servants and guards in the house who saw Shang Jun respectfully saluted him until they walked up to the gate. Liu Guang suddenly appeared in front of Shang Jun, cupping his hands and asked, "Gentleman Shang, you want to go out?!"

Shang Jun stopped and replied, "Yes."

Liu Guang hesitated for a while, but still said, "The Master explained that Gentleman Shang was seriously injured and..."

Before he could finish speaking, Shang Jun slightly curled his lips and asked clearly, "Master Xiao ordered that I can't go out of this house? Am I under house arrest?"

Shang Jun said it directly and Liu Guang actually did not know how to answer his questions, so he had to cup his fists and replied, "I don't dare."

"You can go back and report to him that I want to go out, but don't stop me now and get out of the way." Shang Jun finished speaking unhurriedly, with a pair of eyes quietly looking at Liu Guang without anger or compromise.

Liu Guang was stunned; the Master repeatedly explained that he must be protect and not be rude to him. It seemed that he did not say that he was under house arrest. Moreover, Shang Jun usually looked gentle and elegant. Who knew that being quiet could make people feel more pressured, so slowly taking a step back, Liu Guang did not dare to stop him.

When Shang Jun walked out of the gate, Liu Guang whispered to the guard behind him, "Go and report to the Sect Master." After speaking, he immediately followed Shang Jun's carriage. He did not dare to get too close for fear of being discovered, but if he dared to stay too far and lose him (SJ), he would not be able to explain it to the Master.

The carriage did not go fast as it bypassed a few streets and turned into an alley. It did not go far at all. The carriage stopped in front of a mansion that looked very simple but also had a faint imposing atmosphere when they stopped upfront. A young man in his early twenties who was waiting at the door greeted him immediately.

Shang Jun got out of the carriage and the young man bowed and saluted as he said, "Gentleman, you have worked so hard. Please come inside."

Shang Jun glanced at the young man; he had met this man once. He should be Yu Qin, Yu Feng's right-hand man in Cang Yue. Shang Jun smiled and nodded as he walked in, but Liu Guang still did not want to follow too close. Shang Jun chuckled and said with a cheerful voice, "Wei Xi, wait for Liu Guang here, it's too chaotic inside, so make sure he doesn't get lost." He was not wrong, there were a lot of five elements formations inside the courtyard that he taught Yu Feng how to create. Moreover, those who did not know the five elements formation would definitely not be able to get out.

Liu Guang walked out from behind the stone pillar in embarrassment. If he knew that Shang Jun was so keen and alert, he did not have to try to hide so hard just now. Yu Qin led Shang Jun and Qi Feng Hua to the front, while Wei Xi and Liu Guang followed them.

After walking to the front door of the small courtyard, the shadow of Yu Feng was still missing. Shang Jun asked, "Where is Yu Feng?" He said last time that he would come today, so he would not go out for no reason.

Yu Qin was afraid that Shang Jun would blame Yu Feng, and immediately explained, "The head steward didn't know when you would come. He had been waiting for a whole morning, but who would have thought that a visitor would suddenly come, so he went to meet the guests and explained that you are here. Let's go to the reception hall for tea first and then he will come right away."

Shang Jun smiled, he was just asking casually, but it seemed to make him somewhat nervous. All of Cang Yue's affairs were managed by Yu Feng, so he should reward Yu Feng, how could he blame him for not coming to welcome him? Shang Jun smiled and replied, "Let him be, don't worry, I will wait for him."

"Yes." Yu Qin's heart that was hanging a while ago, finally let go. The Master seldom came here, but he often heard things about him from the head steward. Every time he mentioned it, the head steward highly respected him. The other people must have been convinced by the head steward, so sure enough, there was something extraordinary about him.

A group of people walked to a winding gallery, while a group of people came across them. Shang Jun narrowed his eyes and saw that it was Yu Feng and a middle-aged man in a magnificent garment. He was walking and laughing with Yu Feng and the man looked somewhat familiar. The distance was a little far away and with it being on a winding corridor, Shang Jun could not really see him clearly, so he asked, "Yu Qin, who is the person next to Yu Feng?"

Yu Qin raised his eyes and replied, "That is the visitor today, Official Fang, Fang Fan, the Minister of the Criminal Ministry."

Shang Jun was slightly surprised, Fang Fan?! How could it be him?! This character who had been giving them a lot of headaches for so long! Looking at the way they talked, he looked like he was very familiar with Yu Feng?! What was going on?!

"Fang Fan?" After hearing them discuss the name a few days ago, Qi Feng Hua faintly remembered that name, so he tapped Shang Jun on the shoulder and asked in a low voice, "Xiao Jun, do you want to avoid him?"

When they had walked halfway, Yu Feng and Fang Fan had approached them. If they were to leave now, it would only attract people's attention that much more.

Shaking his head lightly, Shang Jun sighed, "It's too late."
