## Ch 151.2

### Phoenix Coffin

Looking along her line of sight, to a pair of people who were walking together, no matter how one looked at it, it was a beautiful picture. Qi Feng Hua finally understood, "So you are afraid that I will get in their way."

Patting the back of Qi Feng Hua's hand, Shu Qing held Qi Feng Hua with one hand and Xuanyuan Yi with the other, swaying all the way as they finally walked to the north of You Feng Mountain before sunset.

Long Yi Hai arrived long ago and as he saw Shu Qing coming up, he greeted her and said, "It should be here, but I just looked around, it's all rocks and there isn't anything similar to a cave?"

Shu Qing looked up and saw that it was indeed a rock wall. After thinking about it, Shu Qing said to Mo Can, "Mo Can, give me the exquisite jade."

Mo Can took out the exquisite jades and Shu Qing lifted them gently and brought them together. Under the violet light, a strong white light shot towards the rock wall in front of the mountain. The smooth rock wall actually reflected the light to the right side. On the peak, after several reflections, the beam stopped where the main and side peaks met.

"Over there." Shu Qing put down the exquisite jade and handed it back to Mo Can.

Mo Can didn't reach out to take it and replied nonchalantly, "You keep it first."

Shu Qing nodded, wrapped the exquisite jade and placed it inside her sleeves.

Long Yi Hai looked at everything through his eyes and sighed secretly. Such a free and easy person; in his (MC) opinion, the rare treasure in the world's heart, might be just two pieces of jade.

The group finally walked to the place indicated by the beam of light, which turned out to be a small cave. After all the people walked in, there was no place to turn around, so everyone groped around the cave for a while, but there was nothing but weeds!

Leaning at the entrance of the cave feeling bored, Wei Na teased, "Don't tell me such a small cave is the Phoenix Coffin?"

Shang Jun walked slowly and did not enter the cave, while Qin Xiu Zhi accompanied him to rest against the stone wall outside. After leaning for a while, Shang Jun felt uncomfortable with the things behind him. Turning his head to look at the stone wall, a slightly raised stone was covered with weeds. Shang Jun gently brushed away the weeds, and a small groove appeared in front of him. Shang Jun and Xiu Zhi looked at each other, and both felt that this crevice was a little strange, so Shang Jun whispered, "Qing! Come out for a while."

Everyone came out and looked a little disappointed. This groove did not match the size of the exquisite jade, so maybe it was just a naturally formed stone crevice.

Although the size of the groove was not the same, Shu Qing took out the exquisite jade and tried it. The exquisite jade flew off out of her hand and approached the groove. It actually merged together, and the lustrous purple light surrounded the groove. In the end, it was all suspended before the groove, before a loud noise was heard in the cave and then the mountain trembled slightly.

"What happened?!"

Before everyone could react, the loud noises and the mountain shaking had stopped. When they entered the cave again, they were stunned by the wonders in front of them.

One side of the stone wall inside the cave was completely gone. From the outside, it looked like a door. On both sides, inside and outside the door, there were two different worlds. Inside was a huge void, with dazzling golden light shining all around, where one couldn't see where the border was. On the ground and around it, there were golden phoenix reliefs that looked lifelike, as if they would come alive at any time.

"It's so beautiful." Curious Wei Na was the first to step into this golden world and her hand couldn't help but caress the beautiful golden bird. Who knew that just when her hand touched the phoenix feather, they heard a high-pitched sound? The originally motionless phoenix actually moved and it caused Wei Na to cry out in fright. Mo Can immediately flew in and protected Wei Na behind him. Fortunately, the phoenix only flew around them twice, chirped a few times, before flying into the sky, as the beautiful phoenix tail left a brilliant golden trajectory.

Wei Na stared blankly at the extraordinary shadow disappearing above her head and whispered, "It's amazing!"

Really amazing. Everyone was in awe and stepped into this fantastic space.

Curious and carefully walking on the golden ground, everyone's mind was on the different phoenixes around, but no one touched them again. After walking for a while, Shu Qing finally found a huge rectangular golden coffin. Was that the Phoenix Coffin?!

Shu Qing was about to walk over to see what was going on, when suddenly she felt Xuanyuan Yi's exerted force fiercely push her shoulders. Shu Qing turned to his side, and a long sword stabbed between them. The sword turned and slashed towards Shu Qing, so Xuanyuan Yi had no choice but to let go of Shu Qing's hand and moved away sideways.
