Ch 152.4

Going Back to Where

Murong Shu Qing stepped forward and was also pushed back. Worrying for the child inside her abdomen, Murong Shu Qing did not dare to step forward again and only stared blankly at Xuanyuan Yi who had been thrown back again. Murong Shu Qing then shouted out, "Yan Yu, Cang Su, hurry up block him ah!!"

"Qing Er....."

Yan Yu and Cang Su recovered and grabbed Xuanyuan Yi's arms, but unexpectedly, his strength was astonishingly strong. After hitting it many times, blood was coming out of his nose and because he just wiped it carelessly, there was still a lot of blood on his cheek, but he stubbornly went to Murong Shu Qing.

"I am begging you not to run into it!!" Murong Shu Qing was half kneeling on the ground, her tears were falling from her elegant complexion, but no matter how much she shouted, Xuanyuan Yi still repeatedly collided into it. He only had one belief in his heart and it was that he wanted to take Murong Shu Qing into his embrace.

Xuanyuan Yi's deep feelings touched everyone, so Shang Jun grabbed Jing Shu's sleeve and urgently said, "Master, why is it like this, what is wrong with Shu Qing?!" The lovers appeared unable to be together, could it be this was fate?!

Softly sighing, Jing Shu said towards Murong Shu Qing, "The ruler's jade seal and the imperial decree only use this place as a place keeper. They were actually made to protect the Phoenix's coffin, which is a passage for time travel. When all of the pieces are used together, it will open up this time travel passageway. Shu Qing, you can go home."

Time travel passageway?! Was there really this kind of thing?!

Murong Shu Qing could vaguely hear the sounds of her father and mother behind her, so she turned around to go through the vortex. Murong Shu Qing looked at her father and mother whom she had not seen for a long time. Their hair was already somewhat gray; who was that child? Was he older brother's child?! He was very adorable..... Were they taking a family portrait?

"Father, mother....." I really missed you all ah.

Her close relatives who were always in her heart, were just in front of her, so Murong Shu Qing got up and slowly walked in the direction of the happy family.

"Qing Er...."

Just when she almost entered the vortex, a desperate call made her turn back around.

Yi!

Xuanyuan Yi knelt down in front of the vortex, staring at Murong Shu Qing's back, and shouting, "Qing Er, do not go! Qing Er....."

A man had gold on his knees (meaning a man doesn't usually kneel down unless it's for his parents or grandparents), so Murong Shu Qing's heart was throbbing with pain. Turning around to look at the aging father and mother; when they took a picture in the past, she was always sitting in between father and mother. But now, there was already a new person by their sides.

'Sorry, father and mother, I want to stay for him, this was my happiness!'

Murong Shu Qing turned around and wanted to go to Xuanyuan Yi, but she could not approach him at all and was forcefully pushed into the vortex.

"Yi..... I do not want (to go), Yi!"

Murong Shu Qing's wail made Xuanyuan Yi wildly roar, but it still could not prevent Murong Shu Qing's figure from gradually becoming fuzzy.

'Heavens, let me stay, stay by his side!'

Qing Er! Do not go, I cannot, cannot lose you!

"Ah....." Just when Murong Shu Qing almost disappeared, her abdomen flashed with a trace of ray and she could feel a burst of sharp pain that made Murong Shu Qing sit on the ground. A mysterious thing occurred again and the vortex unexpectedly disappeared!

Once the vortex disappeared, Xuanyuan Yi immediately got up and took Murong Shu Qing closely into his embrace as he frantically and quietly mumbled, "Qing Er, do not go, Qing Er, do not go, do not go!"

Waiting until the pain subsided, Murong Shu Qing slowly came over, when she already fell into a warm embrace where she felt at ease. Encircling Xuanyuan Yi's neck, Murong Shu Qing was choking in between her sobs, "Yi, you and the child have already allowed me to stay here."

Fortunately, Murong Shu Qing was alright!

With great difficulty, everyone relaxed their breaths, but the cave suddenly began to sway and as it turned out, there was still a Phoenix sculpture. Suddenly, there was a high pitch sound when Murong Shu Qing felt the bracelet on her wrist shaking before it broke into pieces and fell to the ground unexpectedly. It (MSQ's bracelet) was disintegrated together with the broken jade (JS's) to become the heaven stone. The two exquisite jades (MC-piece that Demonic Chu Yin owned & gave to MC & the piece that was given to QXZ's father by MC's mother) also melted together into the earth stone.

The two pieces of stone reappeared one more time, so the stone gate of the Phoenix Valley moved and Jing Shu said in a loud voice, "The stones have already been put back where they belong and the Phoenix Coffin will close down, so go out quickly."

His voice had not even finished yet, when the golden floor began to tremble violently, as if it wanted to sink in at any time. Shang Jun put the wooden box in Long Yi Hai's hand, grabbed Xuanyuan Yi's arm and urgently said, "Yan Yu, Cang Su, take Xuanyuan Yi and Shu Qing to leave quickly."

"Yes." Shielding Murong Shu Qing and Xuanyuan Yi, a group of people went out of the cave in a hurry. Shang Jun had only taken two steps, but because of his injury, his feet soft, before he fell, a pair of slender hands already took him into his bosom.

Jing Shu seamlessly withdrew his extended hands, and as his gaze swept pass Qin Xiu Zhi's face, the corners of his mouth lightly raised in satisfaction.
